HEADWEAR STYLES

This is your guide to our headwear styles. We group our headwear product line into style categories that are based on the general construction, profile and shape of each model.

5 PANEL

The 5 panel is made with a flat front panel making it the perfect construction for models with a printed front panel. The seamless front panel also makes it one of the easiest cap styles to embellish.

HATS

Hat styles are designed for maximum protection from the elements and feature a 360 degree brim. Well suited for applique or small patch embellishments.

6 PANEL

The Classic 6 panel baseball cap is as authentic as the game itself. Available in a wide range of profiles and fit, this traditional cap style is the go-to look for players, fans, and outdoor enthusiasts.

ACCESSORIES

Our versatile multi-functional headwear effortlessly adapts to your lifestyle. From headbands to face masks, these accessories offer endless possibilities for wear and use.

CAP PROFILES AND FUNCTIONS

STRUCTURED

A structured cap typically refers to a type of headwear that has a well-defined and rigid form.

UNSTRUCTURED

An unstructured cap is a type of headwear that lacks the rigid internal support and defined shaping found in structured caps.

CURVED PEAK

A curved peak cap, often referred to as a baseball cap, a classic and widely popular style of headwear known for its rounded bill.

HAT

This type of headwear can offer a versatile and stylish option, providing sun protection while maintaining a casual appearance.

# 24 EMBELLISHMENTS

This is your guide to the embellishments we offer. Each embellishment offers unique features and the same “Quality in Every Stitch” guarantee that you expect from all products.

## EMBROIDERY

The classic look of direct embroidery is a proven embellishment method commonly used on baseball style caps. You can also opt for this embellishment in 3D.

PAGE 45

## PATCHES

A traditional embellishment method reinvented and is now the go to look for style conscious headwear buyers. Patches are available in sublimated, woven, rubber, print, leather or embroidered options.

PAGE 48

## LABELS

Twill, felt, woven, printed appliques or printed satin labels offer a stitched-on look, perfect for unstructured caps and lightweight fabrics, providing subtle branding through options like woven or leather labels.

\*DISCLAIMER: MOQ for labels = 1000x

PAGE 52

## TRANSFERS

This modern embellishment method delivers a very clean look and is ideal for complex and multi-coloured designs. Great for our lightweight performance cap styles.

PAGE 53

## SWING TAGS & STICKERS

Enhance your headwear with our quality swing tags for style and information and add flair with durable stickers for personalized expression.

\*DISCLAIMER: MOQ for swingtags = 1000x

PAGE 56

## FLOCKING

Flocking is a unique heat transfer vinyl that gives your design an added dimension, given its raised, soft and textured suede/velvet feel. From printable to cut-out, flocking is cost effective and can be heat transferred onto any headwear of your choice.

PAGE 57

## SCREEN PRINT

Screen printing on a cap is a process that uses a screen to transfer ink onto the fabric, creating detailed and vibrant designs.

\*DISCLAIMER: We only screen print on panels not on made up caps or hats
